

## Doctor Grimshawes Secret: A Romance (Classic Reprint)

Literature has never been redundant with authors who sincerely undervalue their own productions; and the sagacious critics who maintain that what of his own an author condemns must be doubly damnable, are, to say the least of it, as often likely to be right as wrong. Beyond these general remarks, however, it does not seem necessary to adopt an apologetic attitude. There is nothing in the present volume which any one possessed of brains and cultivation will not be thankful to read.
