

Beowulf In Plain and Simple English: (A Modern Translation and the Original Version) (Classics Retold) (Volume 2)

Beowulf is arguably one of the greatest epics ever wrote, but it is rarely appreciated because the Old English is...well--old! If you dont understand it, then you are not alone. If you have struggled in the past reading the ancient classic, then BookCaps can help you out. This book is a modern translation with a fresh spin. The original text is also presented in the book, along with a comparable version of the modern text. We all need refreshers every now and then. Whether you are a student trying to cram for that big final, or someone just trying to understand a book more, BookCaps can help. We are a small, but growing company, and are adding titles every month.
