Not illustrated. 1897 edition. Excerpt: ...and fostering civic concord? The Disputant. That is my opinion. By this method of bringing back the argument to its true starting-point, even the disputant himself would be affected and the truth become manifest to his mind. His own--that is, the Socratic--method of conducting a rational discussion<sup>1</sup> was to proceed step by step from one point of general agreement to another: Herein lay the real security of reasoning, <sup>2</sup> he would say; and for this reason he was more successful in winning the common assent of his hearers than any one I ever knew. He had a saying that Homer had conferred on Odysseus the title of a safe, unerring orator,<sup>3</sup> because he had the gift to lead the discussion from one commonly accepted opinion to another. v11.--The frankness and simplicity with which Socrates endeavoured to declare his own opinions, in dealing with those who conversed with him,<sup>4</sup> is, I think, conclusively proved by the above instances; at the same time, as I hope now to show, he was no less eager to cultivate a spirit of independence in others, which would enable them to stand alone in all transactions suited to their powers. Of all the men I have ever known, he was most anxious to ascertain in what any of those about him was really versed; and within the range of his own knowledge he showed the greatest zeal in teaching everything which it befits the true gentleman <sup>5</sup> to know; or where he was deficient in know <sup>1</sup> Or, of threading the mazes of an argument. <sup>2</sup> Reading Tciivtji dap6eiav; aliter, To,\$tiv rty dapdeiav = that this security was part and parcel of reasoning. <sup>3</sup> Od. viii. 171, S 5 aapaiws Ayopeia, and his speech runs surely on its way (Butcher and Lang), where Odysseus is describing himself.
