

Consuelo A Novel

This book stands in the very highest niche according to fiction. It is an artistic and ideal romance of colossal power and fascination. Treating largely of music and musicians, it has an interest for the cultured altogether peculiar to itself while it is intensely human and realistic in every detail that it, at the same time, appeals strongly to the feeling of the general reader. The plot is grandly woven, and many of the scenes are weird and thrilling almost beyond description. Consuelo is an angelic character, with a pure and lofty soul, yet she is constantly beset with temptations and surrounded by perils.
