

The Princess and the Goblin [with Biographical Introduction]

The Princess and the Goblin is George MacDonald's classic children's tale of fantasy. It's the story of the young Princess Irene and her good friend Curdie, the son of a miner. Princess Irene finds a secret stairway in the castle and discovers that her great-great-grandmother lives in a secret chamber at the top of the castle stairs. When Curdie overhears a plot by the Goblins that live beneath the castle to kidnap the Princess and flood the mine, he is challenged to foil the plot of the Goblins and save the Princess.
