Además de ser una de las historias literarias por excelencia en el género del romanticismo tardío, “Madame Bovary”, constituye también uno de los puntos de referencia del realismo literario, del cual se considera a Flaubert uno de sus principales precursores. Sin embargo es mucho más que una novela de romance y se encuentran en ella alegoría e incluso filosofía. En tres partes con una increíble agudeza literaria, Gustave Flaubert muestra la vida de la alta sociedad en la Francia del temprano siglo XIX. Su personaje principal, Madame Bovary, se casa con alguien que lo único que le ofrece es exhibirla como si fuese un trofeo y es por esta razón e insatisfacción, que se ve obligada a buscar luego en un estudiante de leyes, lo que siempre anora en sus lecturas románticas.
