

Elizabeth And Her German Garden

The story is a years diary written by the protagonist Elizabeth about her experiences learning gardening and interacting with her friends. It includes commentary on the beauty of nature and on society, but is primarily humorous due to Elizabeths frequent mistakes and her idiosyncratic outlook on life. She looked down upon the frivolous fashions of her time writing I believe all needlework and dressmaking is of the devil, designed to keep women from study. The book is the first in a series about the same character. It is noteworthy for being published without a named author. Molesley lends a copy of this book to Anna on the 2nd episode of the 2nd season of Downton Abbey.
