

Flying Over Babel

How do you ask a girl on a date when everyone in town knows your father was convicted for the serial murders of a dozen prostitutes? Whats the best way to get your boyfriend to propose--fake a pregnancy or threaten to go on a mission for the Church? Will the torture of electroshock therapy turn a gay BYU student straight? How do two victims of child abuse move forward to create their own family? Can a man learn to trust again after being abandoned by everyone hes ever loved? What happens when the beauty and peace of the Millennium just arent enough to make you happy? In this compelling collection of Mormon stories, there is an acknowledgment of the real evil that exists around us, and an awareness of the difficult compromises we sometimes make in order to live in an imperfect world.
