

The Hound of the Baskervilles (Websters Estonian Thesaurus Edition)

Websters paperbacks take advantage of the fact that classics are frequently assigned readings in English courses. By using a running English-to-Estonian thesaurus at the bottom of each page, this edition of *The Hound of the Baskervilles* by Arthur Conan Doyle was edited for three audiences. The first includes Estonian-speaking students enrolled in an English Language Program (ELP), an English as a Foreign Language (EFL) program, an English as a Second Language Program (ESL), or in a TOEFL? or TOEIC? preparation program. The second audience includes English-speaking students enrolled in bilingual education programs or Estonian speakers enrolled in English-speaking schools. The third audience consists of students who are actively building their vocabularies in Estonian in order to take foreign service, translation certification, Advanced Placement? (AP?) or similar examinations. By using the Webster's Estonian Thesaurus Edition when assigned for an English course, the reader can enrich their vocabulary in anticipation of an examination in Estonian or English.
