

The Fortunes of Captain Blood

Captain Blood, the remarkable physician turned pirate, returns for more thrilling adventures at sea. Time and again, he falls headlong into deep peril, each time emerging victorious. Yet when everything is stacked against him, can he keep his honour until the bitter end? Rafael Sabatini (29 April 1875 - 13 February 1950) was an Italian/English author of romance and adventure novels. He was a prolific writer and produced a new book almost every year, maintaining a great deal of popularity throughout his career, but the titles that secured his reputation were Scaramouche and the Captain Blood novels. He died on February 13, 1950 in Switzerland.
