

Gullivers Travels

Follow Lemuel Gulliver on his journey of introspection into human nature and society with all of its potentials as he travels to the land of minuscule Lilliputians, giants, flying islands afflicted with pursuits of technological insanity, high courts and hedonistic Yahoos. In a comic parody of epic proportion, this tale has something to offer all of those of thinking mind; as it is startlingly similar to our own present times, giving it great literary importance and relevance.
