

Heidi: An Illustrated Edition

Heidi is a young orphan sent to live with her grandfather in the Swiss Alps. At odds with his community, Heidi's grandfather has been living in seclusion for years and, at first, resents her arrival in his life. But it does not take long for Heidi to crack his rough exterior, and soon they are living a happy life along with Heidi's best friend, Peter. But when her strict aunt decides to send her away again, Heidi becomes determined to return to her idyllic life with her grandfather. As one of the best-selling children's classics of all time, Heidi has been adapted for the screen numerous times, including the famous 1937 film starring Shirley Temple. Heidi's land remains an important tourist destination in author Johanna Spyri's native Switzerland, and the success of the book led to two sequels, Heidi Grows Up, and Heidi's Children. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperPerennial Classics collection to build your digital library.
