

The Lesson of the Master, The Death of the Lion, The Next Time, and Other Tales (Classic Reprint)

PREFACE My clearest remembrance of any provoking cause connected with the matter of the present volume applies, not to the composition at the head of my list which owes that precedence to its greatest length and earliest date-but to the next in order, an effort embalmed, to fond memory, in a delightful association. I make the most of this passage of literary history-I like so, as I find, to recall it. It lives there for me in old Kensington days, which, though I look back at them over no such great gulf of years- The Death of the Lion first appeared but in 1894- have already faded for me to the complexion of ever so long ago. It was of a Sunday afternoon early in the spring of that year: a young friend, a Kensington neighbour and an ardent man of letters, called on me to introduce a young friend of his own and to bespeak my interest for a periodical about to take birth, in his hands, on the most original lines and with the happiest omens. What omen could be happier, for instance, about the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the difficult to read text. Read books online for free at www.forgottenbooks.org
