

Mary and Maria by Mary Wollstonecraft & Matilda by Mary Shelley (Penguin Classics)

These three works of fiction - two by Mary Wollstonecraft, the radical author of *A Vindication of the Rights of Woman*, and one by her daughter Mary Shelley, creator of *Frankenstein* - are powerfully emotive stories that combine passion with forceful feminist argument. In Mary Wollstonecraft's *Mary*, the heroine flees her young husband in order to nurse her dearest friend, Ann, and finds genuine love, while *Maria* tells of a desperate young woman who seeks consolation in the arms of another man after the loss of her child. And Mary Shelley's *Matilda* - suppressed for over a century - tells the story of a woman alienated from society by the incestuous passion of her father. Humane, compassionate and highly controversial, these stories demonstrate the strongly original genius of their authors.
