

Charleys Coup

Perhaps our most laughable exploit on the fish patrol, and at the same time our most dangerous one, was when we rounded in, at a single haul, an even score of wrathful fishermen. Charley called it a coop, having heard Neil Partington use the term; but I think he misunderstood the word, and thought it meant coop, to catch, to trap. The fishermen, however, coup or coop, must have called it a Waterloo, for it was the severest stroke ever dealt them by the fish patrol, while they had invited it by open and impudent defiance of the law.
