

King Arthurs Last Battle (Penguin Epics)

He was born to be King. But he would die for his people. From the moment he draws the sword Excalibur from a magic stone, King Arthur is hailed as the saviour of England. With his loyal band of brothers, the Knights of the Round Table, he reigns over a golden age of chivalry and enchantment. But dark forces are stirring in the land. Sir Lancelots fatal attraction to Arthurs beautiful wife Guinevere threatens to divide the realm. And when the scheming Mordred tries to usurp the King, one last epic battle must be fought on English soil.
