

The Little Regiment / Il piccolo reggimento (Short Stories) (Italian Edition)

La versione ebook della fortunata collana Short Stories permette al lettore un'inedita esperienza di lettura, passando dal testo in lingua originale al testo in italiano in un rapido click e ascoltando il racconto audio in inglese, disponibile in streaming gratuito sul sito short-stories. L'opera è arricchita da note sui termini ed espressioni idiomatiche. The Little Regiment è la vicenda di due fratelli arruolati nello stesso reggimento dell'esercito dell'Unione, uniti da una relazione complicata, fatta di competizione, ostilità e sentimenti repressi, che combattono a Fredericksburg durante la guerra di secessione. Sono le continue notazioni sensoriali a conferire al testo uno spessore inconsueto: l'insistenza sui valori cromatici delle immagini e sugli aspetti auditivi nelle descrizioni di una vividezza fuori dal comune cala il lettore in una realtà riproposta come fosse colta dalle sensazioni dei soldati impegnati in manovre e movimenti a loro incomprensibili. L'effetto complessivo è quello della percezione dell'indifferenza completa dell'universo nei confronti dei destini individuali: i personaggi del racconto si muovono quindi in un mondo assolutamente incurante di loro, un mondo di guerra, caos e morte.
