

Wuthering Heights is Emily Brontes only novel. It was first published in 1847 under the pseudonym Ellis Bell, and a posthumous second edition was edited by her sister Charlotte. The name of the novel comes from the Yorkshire manor on the moors on which the story centres (as an adjective, wuthering is a Yorkshire word referring to turbulent weather). The narrative tells the tale of the all-encompassing and passionate, yet thwarted, love between Heathcliff and Catherine Earnshaw, and how this unresolved passion eventually destroys them and many around them.

The Grey Lady., The Life of Lazarillo of Tormes, Self-raised, or, From the depths, Aristophanis Comici Quae Supersunt Opera, Volume 2, Cleopatra, Scenes and Characters, Roderick Hudson, The Heart of Mid-Lothian V2 (1893),
