

The Aeneid of Virgil (Bantam Classics)

Aeneas flees the ashes of Troy to found the city of Rome and change forever the course of the Western world--as literature as well. Virgil's Aeneid is as eternal as Rome itself, a sweeping epic of arms and heroism--the searching portrait of a man caught between love and duty, human feeling and the force of fate--that has influenced writers for over 2,000 years. Filled with drama, passion, and the universal pathos that only a masterpiece can express. The Aeneid is a book for all the time and all people. From the Paperback edition.
