The Definitive Edition of HIDE AND SEEK -Illustrated with the original illustrations -Complete, unabridged, and formatted for kindle to improve your reading experience -Linked table of contents to reach your chapter quickly As everything unfolds its equally moving and thought provoking. Desperate Reader Domestic fiction meets sensation fiction in this novel. Both funny and atmospheric, and also highly autobiographical, Collins gives us a slice of Victorian life and a not-so-mysterious mystery, but its a charming book with characters that just pop off the page. This is not a stuffy moralising book, but a tale told wonderfully well, utterly charming and, at times, laugh out loud funny. Violet Another very enjoyable tale by Collins. As usual the plot is a little contrived and full of unbelievable coincidences. However, as ever, his characters are brilliant and it is a page turner. This is my fourth Wilkie Collins and I am looking forward to my next one. Bill Amazing authentic representation of a deaf character. Very interesting story line Alex HIDE AND SEEK features Wilkie Collins's sensational novel in a specially designed edition for kindle. This mystery will intrigue and delight you.
