

Many are the strange vicissitudes of history. Greatness has often sunk to the dust, and has tempered itself to its new surrounding. Smallness has risen aloft, has flourished for a time, and then has sunk once more. Rich monarchs have become poor monks, brave conquerors have lost their manhood, eunuchs and women have overthrown armies and kingdoms. Surely there is no situation which the mind of man could invent which has not taken shape and been played out upon the world stage. But of all the strange careers and of all the wondrous happenings, stranger than Charles in his monastery, or Justin on his throne, there stands the case of Giant Maximin, what he attained, and how he attained it. Let me tell the sober facts of history, tinged only by that colouring to which the more austere historians could not condescend. It is a record as well as a story.
