

The Jungle Book 2/World Animal Literature Classics (Chinese Edition)

In the wild Indian jungle, a kind-hearted wolf couple saved a kid (called Mowgli) in the village that was carried off by the lame tiger (called Shere Khan). Under the instruction of old brown bear Baloo and the leopard Bagheera, Mowgli has learnt the law of the jungle and master language of kinds of birds and beasts, and finally blended with the jungle world. In the jungle, he was once kidnapped by the monkeys and suffered severe draught with the jungle residents; he designed to kill Shere Khan and saved the wolf group by justice and courage, and finally became master of the jungle. When Mowgli was 17 years old, his human nature recovered gradually during a hot and cold Spring Run that he had never experienced. At last, he was forced to go back to human society with depression.
