About The Lost World by Sir Arthur Conan Doyle The restless, questing intellect of Sir Arthur Conan Doyle spurred him far beyond the ingenious puzzles he constructed for Sherlock Holmes. In The Lost World, Doyle, a devotee of the occult and fantastic tales of adventure and discovery, introduces his readers to Professor Challenger, an eccentric paleontologist, on his suspense-filled search for prehistoric creatures in the wilds of the Amazon. Professor Challengers doughty troupe includes a skeptical colleague, Professor Summerlee; the cool-headed, plucky sportsman Lord John Roxton; and the narrator, the intrepid reporter Edward Malone. When their bridge to civilization collapses, the explorers find themselves marooned among dinosaurs and savage ape-people.
