

## The Magic Shop: (H G Wells Masterpiece Collection)

I had seen the Magic Shop from afar several times; I had passed it once or twice, a shop window of alluring little objects, magic balls, magic hens, wonderful cones, ventriloquist dolls, the material of the basket trick, packs of cards that looked all right, and all that sort of thing, but never had I thought of going in until one day, almost without warning, Gip hauled me by my finger right up to the window, and so conducted himself that there was nothing for it but to take him in.
