

## The Wonderful Stories Of Oz: 14 Books, 450+ Illustrations

All 14 Oz books in one single volume and more than 400 brilliant illustrations. The books were written, as Baum tells us, as a modernized fairy tales, in which the wonderment and joy are retained and the heart-aches and nightmares are left out, with no attempt to point a fearsome moral to its readers. Their success was both immediate and enduring, and they quickly won an enormous number of young enthusiasts who remained eager to read more about Oz for many years to come. The original story has been adapted and translated and dramatized, and it has also been used as the book for a musical comedy in stage and movie versions.
