

Time Out Shanghai (Time Out Guides)

As a key city of the new superpower, Shanghai is an increasingly popular and important destination. Written by local experts, this guide covers every inch of the city and the region surrounding it, from the shiny malls and discount markets to the hippest restaurants and dumpling joints, luxurious spas and simple massage parlors to colorful side trips to the city's canals, gardens, and islands. This new edition contains candid, current listings for eateries, accommodations, and must-see destinations. Cultural background adds informative context.
