

## Unto This Last

Originally published in Cornhill magazine, *Unto This Last* is a series of four essays on the politics of economics. Considered by Ruskin as one of his most important works, *Unto This Last* argues that economics, art and science must have a foundation in morality. Ruskin, who cannot be strictly labeled as a liberal or conservative in his political ideology, crafts a thought-provoking exposition of prevailing economic theories that is as relevant today as when first written.
