Once at the establishment (whether a restaurant, bar, hotel, shop or museum) you simply show the cover to Dallas Top 201 Spots on your Kindle and mention the codeword. The cashier, waiter or receptionist will then grant the discount as per our partnership with them, valid through 31st December 2015. How much does the average Freebie Book user save? You can save as much as US\$385 on 7 day trip to Dallas in a group of 4 people, using the discount on lunch, dinner and a day activity. If you use the hotel and shopping discounts, the savings would be a lot more. From our surveys, the average user saves \$133 per trip. Is the discount one per book or one per member of my party? It is one per paying member of your party. If you go with your spouse to a restaurant and only you order a meal, only you'll be entitled to the free drink or dessert. Similarly, if everyone orders a meal, everyone will get free drinks and what-not. At shops, the discount will be extended to all members of your group also. When should I ask for the discount? Upon arrival

or after the dinner? Either. It won't affect your experience, and they won't give you less attention if you ask for the discount upfront, so asking upon arrival helps them keep your tab organized. What if the establishment doesn't want to honor the discount/freebie? Contact us with your receipt for this Kindle bundle purchase and we'll refund you. We want you happy during your trip, not peeved. Our contact is in the back of the ebook.
