

## Zagatsurvey 1997 New York City Restaurants (Zagat Survey New York City Restaurants)

Over 500,000 books sold annually! The book that started it all; covering 1,820 restaurants in what we believe is the best and most varied restaurant scene in the world. This year over 18,000 participated in the survey. Zagat surveyors offer written commentary and score each establishment on a 0-to-30 scale for Food, Decor and Service, as well as providing an average cost-per-meal. Extensive indexes make it possible to find just the restaurant you want.
